Normally £2,495
Part No: 989AA065K
Weekly from: £10.59†

MONSTER DEAL!!

PARTS ALLIANCE DIAGNOSTICS

FOR MORE DETAILS OR TO ARRANGE A DEMONSTRATION CONTACT YOUR LOCAL BRANCH

SUPER FAST UNBEATABLE VALUE!!
BENDIX FLUTEST Brake Fluid Tester with optional printer capability

- Accurate, reliable and repeatable results
- Operates off 12V power supply (vehicle own battery)
- User friendly – LCD screen instructions guide operator through complete testing cycle
- Measures up to 320°C/608°F suitable for use on all grades of new & used brake fluids, including racing fluids
- Multilanguage display – 19 languages, selectable by user
- Compatible with printer for test results (987AB2430)

-BENDIX Pressure Brake Bleeder 12V 1.5 Bar, 1.25L-

- Pressure brake bleeding is the only method approved by brake system manufacturers
- Full fluid exchange in approx. 15 minutes by a single operator
- Portable operation with 12V power supply (vehicle own battery)
- No compressed air used, therefore no risk of contamination of the fluid
- Float switch to ensure pump stops when new fluid level is low
- Supplied with euro-cap and bleed bottle
- Suitable for clutch hydraulic bleeding as well
- Fluid change capacity 1.25L

-BENDIX Professional Pressure Brake Bleeder 0-3 Bar 5L (available as 12v or 240v mains variant)-

- Pressure brake bleeding is the only method approved by brake system manufacturers
- Full fluid change can be completed by a single operator in approx. 15 minutes
- Fully adjustable digital pressure controller; 0 – 3.0 Bar
- Draws directly from 5L brake fluid container, housed within tester compartment, avoids contamination
- Auto cut-off prevents air entering system if fluid supply is interrupted
- Portable unit with carry-handle – only weighs 9.0Kg
- Operates from 12V power supply
- Heavy duty pump for long service life
- Coiled sprung fluid delivery hose for ease of use and storage
- OEM approved

Contact your local branch for details or call 0121 749 8801
Most workshops already know that aftermarket diagnostic tools can no longer offer the level of functionality required to service and fit common components. Many repairs are now only possible with a software update. Support is everything, we initially help you with the registration process. Every tool we sell come with initial online training and 1 months bronze technical support contact. We offer full support for the life of the tool if you need it.

We support the complete A-Z of vehicle manufacturers, we can custom build a package of your choice. A choice of refurbished or new Maverick business-spec laptops or Toughbook’s all with 2-year warranty. Software subscriptions are not included in our support contracts. Subscriptions are all paid direct to the vehicle manufacturers.

---

**Bronze**
Naturally Aspirated Access

- Initial user training (remote)
- Access to the Maverick information portal (under construction)
- Dealer software support
- Remote loading of OEM updates (1 manufacturer/3 hrs per month)
- Remote loading of MS updates

**Silver**
Turbocharged Access

- Initial user training (remote)
- Access to the Maverick information portal (under construction)
- Dealer software support
- Remote loading of OEM updates (1-3 manufacturers/3 hrs each per month)
- Remote loading of MS update
- Help with security applications
- Automatic update reminder for OEM software
- Remote vehicle tech support
- Remote PC monitoring
- Help with remote vehicle programming

**Gold**
Supercharged Access

- Initial user training (remote)
- Access to the Maverick information portal (under construction)
- Dealer software support
- Remote loading of OEM updates (1-5 manufacturers/3 hrs each per month)
- Remote loading of MS updates
- Help with security applications
- Automatic update reminders for OEM software
- Remote vehicle tech support
- Remote PC monitoring
- Help with remote vehicle programming
- 48 hours laptop replacement loan service (apart from VAG)
- 1-week tool loan 3 times per year (manufacturer dependent)
- 1-day training on site per year
- (additional travel fees apply)
Ford VCM 2 with Maverick Diagnostics Laptop, & Tech Support Package

2 Tonne Low Entry Trolley Jacks

- Min./Max. Saddle Height: 74/514 mm.
- Twin piston Rocket Lift feature brings saddle to maximum height in just six strokes.
- Universal joint release mechanism allows safer, more controlled lowering of jack.
- Profiled lifting arm gives low clearance height of just 74 mm making it suitable for sports and custom cars.
- Heavy-duty steel chassis provides stability and endurance.
- Fitted with an overload valve for added safety.
- Hydraulic oil by-pass system protects ram from being overextended.

### 3 Tonne Trolley Jacks

- Min./Max. Saddle Height: 100/533 mm.
- Heavy base design and large jacking saddle for increased load stability.
- Universal joint release mechanism allows safer, more controlled lowering of the jacks.
- Rocket Lift feature brings lifting arm into contact with jacking point with minimal pumps.
- Polyurethane wheels for smoother manoeuvrability and helps prevent damage to workshop floor.
- Magnetic wheel nut retention tray.
- Protective jack handle sleeve helps prevent accidental damage to car bodywork.
- 2 Year Warranty - 2nd year subject to T&Cs and registration on website (www.sealey.co.uk).

### Ratchet Type Axle Stands

- Ratchet type axle stands with cast iron support post and tough steel plate welded base.
- Angled teeth in post prevent accidental release of load - the more weight applied, the tighter the post is locked.
- Sold in pairs.

### Car Ramps 1.5 Tonne Capacity per Ramp

- These ramps are designed to allow jacking access to suitable jacking points on the vehicle.
- Not intended to raise a vehicle enough for under vehicle servicing.

### Car Ramps 3 Tonne Capacity per Pair

- 3 Tonne Capacity per pair.
- Made from durable polypropylene.
- These ramps are designed to allow jacking access to suitable jacking points on the vehicle.
- Not intended to raise a vehicle enough for under vehicle servicing.

MINI LIGHT BAR 80 LED 12/24V MAGNETIC BASE

- Ten modules fitted with eight LEDs, creating a 360° light
- Ten different flash patterns
- Built-in memory recalls last pattern selected
- ECE R65 & R10
- Approved for highway use
- CE Approved and E-Marked
- IP65 Rated.
- Model No. MLB80MB
- List Price £94.95

12V/24V LED WARNING BEACON WITH MAGNETIC BASE

- Fully approved for highway use to ECE R65.
- LED Quantity: 40.
- 3-Function control allows for different LED flash configurations.
- Heavy-duty ABS base.
- Quick release 1/4" stabilised clome will not fade if exposed to prolonged sunlight.
- Fitted with a powerful magnet, strong enough to cope with normal road speeds.
- Supplied with 3m coiled flex and universal vehicle accessory socket plug.
- Model No. WEBS4LED
- List Price £47.95

12V/24V

- Approved for Highway use

TEMPORARY UNIVERSAL CAR COVERS

- Temporary full car covers with an elastic hem suitable for a wide range of vehicles.
- Protects a completed vehicle from scratches, overspray and dust.
- Elastic hem suitable for a wide range of vehicles.
- Model No. TDCCL
- List Price £139.95

TYRE STORAGE/TRANSPORT DOLLY

- For use with up to eight tyres.
- Four Ø75mm swivel TPR castors, one featuring a brake providing smooth and quiet manoeuvrability around the workplace.
- Overall Size (W x D x H): 640 x 640 x 110mm.
- Maximum Weight Capacity: 136kg.
- Model No. STR006
- List Price £44.95

12V 3/8”SQ DRIVE CORDLESS IMPACT WRENCH 80NM BODY ONLY

- Integrated LED battery level indicator and LED work light.
- Supplied with belt hook for safer storage while not in use.
- Requires Model No. CP1200BP 12V 1.5Ah Lithium-ion battery and Model No. CP1200MC battery charger.
- Model No. CP1204
- List Price £64.95

12V 3/8”SQ DRIVE CORDLESS RATCHET WRENCH 80NM BODY ONLY

- Heavy-duty mechanical steel ratchet head with forward and reverse control.
- Integrated LED battery level indicator and LED work light.
- Requires Model No. CP1200BP 12V 1.5Ah lithium-ion battery and Model No. CP1200MC battery charger.
- Model No. CP1202
- List Price £73.95

SAFETY SPECTACLES

- Modern, lightweight wraparound design with flexible TPR arms offer added protection and increased user comfort.
- Polycarbonate anti-scratch lens.
- Conforms to CE standards - BS EN 166/F.

12V 1.5AH LI-ION POWER TOOL BATTERY FOR CP1200 SERIES

- Li-ion batteries give an all-round better performance than standard Ni-Cd/Ni-MH cells.
- Maintains a higher energy density level (generally twice that of a Ni-Cd cell) giving more battery power per gram.
- Suitable for use with the CP1200 Series.
- Model No. CP1200BP
- List Price £19.95

12V 1 HOUR LI-ION BATTERY CHARGER FOR CP1200BP

- Recharges Model No. CP1200BP 12V lithium-ion battery in 1 hour.
- Suitable for use with the CP1200 Series.
- Model No. CP1200MC
- List Price £21.95

TIMING CHAIN KIT
BMW 1, 2, 3, 4, 5, 6, 7 Series

• Engine Applications: B38, (1.2L and 1.5L) B48, (2.0L), B58 (3.0L)
• Equivalent to OEM tools: 2 358 122, 2 357 904, 2 356 488, 2 288 380, 11 4 120
• Designed to be used in accordance with OEM instructions

CRANKSHAFT PULLEY HOLDING TOOL
MERCEDES-BENZ

• Vehicle applications include: Mercedes-Benz C, CLC, E, CLS, SLK, CLK Class, Sprinter
• Engine applications: 1.6L, 1.8L petrol. Engine Codes 271 xxx
• Vehicles covered range from 2004 to 2014
• Engine Applications:
  - Mercedes-Benz M271
  - V8 engine applications 4.7L, 5.5L. Engine Code 273 xxx
  - V6 engine applications 4.7L, 5.5L. Engine Code 272 xxx
  - ID 85mm, OD 115mm/120mm, 4 x 25mm indents
  - Plus: Seat Altea, Leon, Toledo and Skoda Fabia, Octavia, Superb, Yeti
  - Supplied with M10 and M12 bolts
  - Unique “saw tooth design” for ease of adjustment and locking

CV JOINT PULLER

• A robust tool for front wheel drive cars
• Removes the CV joint without removing the drive shaft
• Easy to assemble and use, offering significant time saving over methods that require shaft removal
• Adjustable
• Can accept CV joints up to 115mm in diameter

TAMPERPROOF BIT T100 1/2”D

• Application: Mercedes-Benz M271
  - 1.5L chain driven petrol engine
  - 1/2”D
  - For pulley fixings

CRANKSHAFT HARMONIC BALANCER HOLDING TOOL MERCEDES-BENZ 1.6, 1.8

• Applications include: Mercedes-Benz C, CLC, E, CLS, SLK, CLK Class, Sprinter
• Engine applications: 1.6L, 1.8L petrol. Engine Codes 271 xxx
• Equivalent to OEM tool T40320/3
• Engine code: CZAC
• Engines 1.2L TDi CR 55Kw diesel, 1.6L CRDT diesel and 2.0LTDI engine
• Equivalent to OEM tools: T100 1/2”D
• Use in accordance with OEM instructions

CV JOINT PULLER

• A robust tool for front wheel drive cars
• Removes the CV joint without removing the drive shaft
• Easy to assemble and use, offering significant time saving over methods that require shaft removal
• Adjustable
• Can accept CV joints up to 115mm in diameter

DIESEL INJECTOR REMOVER - VAG TDI

• Engines 1.2L TDi CR 55Kw diesel, 1.6L CRDT diesel and 2.0LTDI engine
• Equivalent to OEM tools: T100 1/2”D
• Use in accordance with OEM instructions

FLYWHEEL LOCKING TOOL MULTI-APPLICATION

• Ideal assistant when removing dual mass flywheels, clutches etc.
• Unique “saw tooth design” for ease of adjustment and locking
• Supplied with M10 and M12 bolts
• to fit in bell housing bolt holes
• Supplied with spacers to allow for spacing off the engine block

ENGINE TIMING KIT BMW 3.0 DIESEL

• Vehicle applications: BMW applications include: 5, 6, 7 Series 2015 onwards
• Engine code: BMW B57 D30 from 2015 onwards
• Equivalent to OEM tools: 2 365 488, 11 6 480, 11 9 260, 11 4 120, 2 288 380, 2 448 380, 2 448 914, 11 8 760, 2 420 824
• When the camshafts require removal the split gear alignment tool Laser 7067 will be required for reassembly

CRANKSHAFT FRONT OIL SEAL TOOL VAG TDI

• Designed to allow the front crankshaft oil seal to be fitted in a controlled manner
• Application: VAG SQ7 4.0 TDi
• Engine code CZAC
• Engine Applications: V8 engine applications 4.7L, 5.5L. Engine Code 273 xxx
• Plus: Seat Altea, Leon, Toledo and Skoda Fabia, Octavia, Superb, Yeti
• Supplied in a blow moulded case for storage
• Supplied with spacers to allow spacing off the engine block

TIMING CHAIN KIT
BMW MINI 1, 1.5, 2.0, 3.0L PETROL

• Engine Applications: B38, (1.2L and 1.5L) B48, (2.0L), B58 (3.0L)
• Equivalent to OEM tools: 2 358 122, 2 357 904, 2 356 488, 2 288 380, 11 4 120
• Designed to be used in accordance with OEM instructions

CRANKSHAFT FRONT OIL SEAL TOOL VAG TDI

• Designed to allow the front crankshaft oil seal to be fitted in a controlled manner
• Application: VAG SQ7 4.0 TDi
• Engine code CZAC
• Equivalent to OEM T40320/3
• Use in accordance with OEM instructions

DIESEL INJECTOR REMOVER - VAG TDI

• Engines 1.2L TDi CR 55Kw diesel, 1.6L CRDT diesel and 2.0LTDI engine
• Equivalent to OEM tool T10402, T10415
• Used to pull the 5th and 6th gears on VAG gearboxes
• For tightening the sensor nut to the correct torque or disassembling
• Application: S Class (W140), E Class (W210)
• For distance sensors integrated into front and rear bumper

JIS SCREWDRIVER SET - 4PC
• For Japanese industrial standard screws as used on Japanese products and vehicles such as Honda, Shimano parts etc.
• Sizes: 2 x 38mm long, 1 x 75mm long, 2 x 100mm long, 3 x 150mm long
• Manufactured from Chrome Vanadium with satin finish, black tips and soft grip handles
• Japanese cross-point screwdrivers are recommended to help prevent “cam out” and damage to the screws when working on Japanese branded products
• Similar to Philips® but with a smaller centre point profile

WHEEL INTERNAL THREAD KIT
• Applications include: M12 x 1.25 for PSA, M12 x 1.5 for Mercedes-Benz and BMW, M12 x 1.75 for Volvo and M14 x 1.5 for WAG models
• Best results when used with an impact gun
• Packed in a blow mould case

1/4" x 1/4" BIT DRIVER
• Lockable and reversible 1/4"D ratchet and 1/4" “bit driver with 180° flexi-heads
• Heads can be switched to give flexible access
• Overall length 300mm
• High Chromed finish
• Manufactured from Chrome Vanadium

IMPACT SOCKET SET
• Six point profile (single Hex)
• Content: 10, 11, 12, 13, 14, 15, 16, 17, 8, 19, 20, 21, 22, 23, 24, 27, 30, 32mm
• Manufactured from Chrome Vanadium with black phosphate finish
• Packed in a blow mould case

MULTI-PURPOSE OIL TRANSFER SYRINGE 200CC
• For removing oil from gearboxes and engines and for use with brake fluid/antifreeze
• 200cc
• Made from EPDM plastic/transparent
• Quick disconnect tube
• Suction and supply of gear oils etc
• Made from polypropylene
• Measuring 40/45mm width x 50mm depth
• Two small funnels which can be clipped to the neck of an oil bottle - 25mm/30mm diameter x 130mm overall length
• Manufactured from polypropylene and suitable for petrol, diesel, oil and brake fluid

TORX PLUS® BIT SET - 23PC
• Five sided (tamperproof) and six sided format
• Handles Torx Plus® fixings which gives greater torque and minimises wear on fixings
• Torx Plus® bit sizes: TP510, TP515, TP520, TP525, TP530 x 1/4"D Hex and TP540, TP545, TP550, TP560 x 10mm Hex, Torx Plus® tamperproof: TP10H, TP15H, TP20H, TP25H, TP30H x 1/4"D Hex and TP40H, TP45H, TP50H, TP55H, TP60H x 10mm Hex in S2 Silicon Steel
• Includes Stainless Steel magnetic bit holder with a Quick Chuck shank
• Other accessories include a 1/4"D adaptor and a 3/8"D adaptor in Chrome Vanadium

SPANNER EXTENSION WRENCH
• Extends the length of Spanners when you need more power
• Length: 385mm
• Universal use
• Manufactured from Chrome Vanadium with high Chromed finish
• Grips and grooves should be used in high powered situations.
ASSORTED ELECTRICAL CONNECTOR KIT
BMW / MERCEDES-BENZ | 24PC
- Comprehensive range of electrical sensor connectors to suit BMW and Mercedes-Benz
- Contains: 2 pin air temperature sensors, alternator connector, 2 pin crankshaft position sensor, engine harness sensor, fuel injector ignition coil connector, 3 pin camshaft position sensor and camshaft and crank sensor
- All sensors come complete with terminals and seals and are available as replacements supplied in blister packs

ASSORTED ELECTRICAL CONNECTOR KIT
FORD | 19PC
- Comprehensive range of electrical sensor connectors to suit Ford
- Contains: 4 pin knock sensor male (grey), 4 pin knock sensor male (green), 4 pin knock sensor female (grey), 4 pin oxygen sensor connector (green), 4 pin oxygen sensor connector (black)
- All sensors come complete with terminals and seals and are available as replacements supplied in blister packs

ASSORTED HEAT SHRINK SLEEVING BOX
DUAL WALL | 144PC
- Adhesive lined dual wall black/red heatshrink
- Shrink ratio 2:1, waterproof, RoHS compliant
- 89mm cut lengths - Sizes: 2.0mm, 3.0mm, 5.0mm, 7.0mm, 8.0mm, 10.0mm, 12.0mm in Black, 2.0mm in Green, 3.0mm in Red, 5.0mm in White, 7.0mm in Blue, 8.0mm in Yellow, 10mm in Red & 12.0mm in Green
- Material - Polyolefin, max. electrical rating 600V
- Shrink temperature starts at 70°C, shrunk totally at 120°C

ASSORTED COLOURED HEAT SHRINK SLEEVING
250PC
- Operating temperature -55°C to +125°C
- Shrink ratio 2:1
- 89mm cut lengths - Sizes: 2.0mm, 3.0mm, 5.0mm, 7.0mm, 8.0mm, 10.0mm, 12.0mm in Black, 2.0mm in Green, 3.0mm in Red, 5.0mm in White, 7.0mm in Blue, 8.0mm in Yellow, 10mm in Red & 12.0mm in Green
- Material - Polyolefin, MAX Electrical rating 600V
- Shrink Temperature starts at 70°C, shrunk totally at 110°C

ASSORTED HEAT SHRINK SLEEVING 171PC
- Heat shrink comes in a cantilever box
- Contains: 2mm x 30mm sleeving in black, red, white and green (25pc of each), 4mm x 60mm in blue (10pc), 4.5mm x 60mm in black (10pc), 5mm x 60mm in red (8pc), 6mm x 60mm in white (6pc), 8mm x 60mm in white (11pc), 9mm x 90mm in blue (11pc), 10mm x 100mm in black (1pc), 12mm x 90mm in green (7pc) and 18mm x 90mm in yellow (7pc)

ASSORTED CONNECTOR KIT
DEUTSCH DT | 22PC
- Assorted box of heavy duty weatherproof connectors
- Kit contains: 2 pin male and female connectors, 3 pin male and female connectors, 6 pin male and female connectors, 8 pin male and female connectors and 12 pin male and female connectors, male and female terminals, wedge lock plates which snap into connectors as a secondary way of securing terminals in place
- Top up packs available

ASSORTED CONNECTOR KIT
FORD / GM HEADLIGHT | 24PC
- Headlight harness connectors complete with cable
- Contains: 3 pin connector with 200mm cables, 3 pin connector with 200mm cables, 3 pin Halogen headlight connector with 200mm cables, 2 pin fog lamp and speed sensor connector with 200mm cables, 2 pin low beam headlight connector with 200mm cables
- All sensors come complete with terminals and seals and are available as replacements supplied in blister packs

ASSORTED CONNECTOR KIT
FORD OXYGEN SENSOR | 18PC
- All sensors come complete with terminals and seals and are available as replacements supplied in blister packs

ASSORTED CONNECTOR KIT
FORD | 20PC
- Comprehensive range of electrical sensor connectors to suit Ford
- Contains: 2 pin ignition plug connector, 2 pin crankshaft position sensor connector, 2 pin ICP injection control pressure sensor connector, 2 pin fuel tank pressure sensor connector, 3 pin camshaft position sensor connector, 2 pin heater and radiator cooling fan connector, 4 pin fuel injector connector, 6 pin air flow sensor connector, 3 pin ignition coil connector, 6 pin accelerator pedal position sensor connector, 5 pin air flow sensor connector and 5 pin fuel tank sending unit connector
- All sensors come complete with terminals and seals and are available as replacements supplied in blister packs

ASSORTED HEAT SHRINK SLEEVING 171PC
- Heat shrink comes in a cantilever box
- Contains: 2mm x 30mm sleeving in black, red, white and green (25pc of each), 4mm x 60mm in blue (10pc), 4.5mm x 60mm in black (10pc), 5mm x 60mm in red (8pc), 6mm x 60mm in white (6pc), 8mm x 60mm in white (11pc), 9mm x 90mm in blue (11pc), 10mm x 100mm in black (1pc), 12mm x 90mm in green (7pc) and 18mm x 90mm in yellow (7pc)

ASSORTED HEAT SHRINK SLEEVING 171PC
- Heat shrink comes in a cantilever box
- Contains: 2mm x 30mm sleeving in black, red, white and green (25pc of each), 4mm x 60mm in blue (10pc), 4.5mm x 60mm in black (10pc), 5mm x 60mm in red (8pc), 6mm x 60mm in white (6pc), 8mm x 60mm in white (11pc), 9mm x 90mm in blue (11pc), 10mm x 100mm in black (1pc), 12mm x 90mm in green (7pc) and 18mm x 90mm in yellow (7pc)

ASSORTED HEAT SHRINK SLEEVING 171PC
- Heat shrink comes in a cantilever box
- Contains: 2mm x 30mm sleeving in black, red, white and green (25pc of each), 4mm x 60mm in blue (10pc), 4.5mm x 60mm in black (10pc), 5mm x 60mm in red (8pc), 6mm x 60mm in white (6pc), 8mm x 60mm in white (11pc), 9mm x 90mm in blue (11pc), 10mm x 100mm in black (1pc), 12mm x 90mm in green (7pc) and 18mm x 90mm in yellow (7pc)
HYBRID WORKSHOP SAFETY PACK (A)
Consisting of:
6622 - High Voltage Floor Matting (1m)
6638 - Insulated Rescue Pole
6639 - High Voltage/No Admittance Sign
6642 - Danger High Voltage Sign
6700 - Set of 4 Posts, Bases and 25m Chain

6769
ONLY
£349.95

HYBRID VEHICLE SAFETY PACK (B)
Consisting of:
6618 - 2 x Insulated Safety Clamp 1000v
6676 - Transparent Insulating Shrouding 1000v (1.4m x 1m)
6640 - Steering Wheel Lockout Cover (400mm)
6641 - Nylon Bodied Safety Lockout Padlock
6675 - Safety Tag (Do Not Start)
6703 - Set of 3 x Insulating Shrouds (15, 25, 35mm)

6770
ONLY
£199.95

HYBRID MASTER SAFETY PACK (INCLUDES A, B, C & D)

HYBRID PERSONAL SAFETY PACK (C)
Consisting of:
6636 - Protective Arc Flash Face Shield
6637 - Carrying Bag for Faceshield (6636)
6705 - Insulating Glove Set (Large 10)

6771
ONLY
£225.00

DISCONNECT SHUT DOWN TIMER
- Battery powered digital timer (up to 99 minutes)
- Audible and visual alarm (user selectable)
- Direct minutes and seconds input
- Mounting magnet and fold out stand
- Dimensions 78mm x 58mm x 16mm
- Memory recall last setting
- LR44 battery included

7477
ONLY
£13.95

WORKSHOP TROLLEY 4 DRAWERS
- Four lockable drawers
- Size: 700mm x 470mm x 655mm
- Folding handle for easy manoeuvrability
- Maximum capacity 200kg / 45kg each drawer
- 4 wheels - 2 fixed and 2 swivel with brakes
- Foam mat on top for protection

**HEX-V2: The new generation VCDS® interface**

Official licensed VCDS HEX-V2 interface & USB cable

Serious car diagnostics interfaces for Volkswagen, Audi, Seat & Skoda models

The Ross-Tech VCDS® package (previously known as VAG-COM) turns your PC into a sophisticated VAG diagnostic tool, that performs the functions of a factory VAG scan tool. The new generation wired VCDS has been designed to replace the HEX-USB+CAN and Micro-CAN products.

- Includes Official Ross-Tech® HEX-V2 interface and USB cable
- Fully licensed for VCDS® Software, no additional software purchase needed
- Professional user level interface - unlimited VINs
- Fully licensed with Ross-Tech®, Fast scans
- User replaceable USB cable
- Resets Service and Inspection Reminders even on 2018 models.
- Compatible with Windows PCs and Laptop running Windows 7, 8 and 10

**Ross-Tech® VCDS® with HEX-V2 works on all diagnostic capable systems on:**

- VW cars and light vans to current 2018 models (not Crafter van*)
- SEAT cars and light vans to current 2018 models
- SKODA cars and light vans to current 2018 models
- Audi cars to current 2018 models
- Note, very early car models (mostly pre 1998) with the 2 pin connectors, or LT vans with a round connector need an additional adapter
- *Coverage for Crafter van will be added in a future update

**HEX-V2 PROKIT**

Part No: 989AA0011

ONLY £475.00

**HEX-V2 INTERFACE**

ONLY £395.00

Part No: 989AA0080

**HEX-NET: The new generation VCDS® interface**

The Ross-Tech® VCDS® HEX-NET USB & WiFi interface for additional platforms

The new VCDS-HEX-NET has the same functionality as the VCDS-HEX-V2 (above) but can also operate on:

Apple iPad®, iPhone®, Android® Tablets and phones, Microsoft Surface® along with other devices with WiFi capabilities such as KindleFire®. (Higher functions such as service reset etc can also be performed on mobile devices but require an internet connection).

**HEX-NET PROFESSIONAL KIT**

Part No: 989AA0280

ONLY £569.00

**HEX-NET INTERFACE**

ONLY £525.00

Part No: 989AA0090

Ideal for tablet users* (tablet not included)

*Tablet not included

The power of VCDS in a wireless interface

For all VAG group models
**Garage Essentials - For the best Choice, Quality, Service & Expertise**

**Unilite**

---

**RECHARGEABLE INDUSTRIAL SITE LIGHT**
- 3000 Lumen 30W SMD LEDs
- Powerful Li-ion battery with battery level indicator
- Battery pack can easily be removed and used as a USB power bank
- 50% dimming function to increase battery runtime
- Adjustable head for light angle
- Tough polycarbonate housing
- Acrylic LED diffuser for even light dispersion
- Super strong magnetic base

**BATTERY:** 7.4v 6600 mAh Li-ion rechargeable battery pack
**WEIGHT:** 1880g
**DIMENSION:** 215 x 192 x 285mm

**ONLY £99.99**
**Part No:** 987AB2260

---

**USB RECHARGEABLE INSPECTION LIGHT**
- 1000 Lumen White SMD LEDs
- Additional 250 Lumen torch
- Ultra strength aluminium and polycarbonate housing
- DC-USB charging cable (included)
- Red-to-Green charging indicator
- Integral hanging hook and strong magnet for hands-free use
- Multi positional foldable kick stand
- IP54 dust and water resistant
- Impact resistant to 1m

**BATTERY:** 3.7v 5000 mAh lithium-ion rechargeable battery
**WEIGHT:** 338g
**DIMENSION:** 205 x 60 x 42 mm

**ONLY £44.99**
**Part No:** 987AA8100

---

** USB RECHARGEABLE INSPECTION LIGHT**
- 500 Lumen White SMD LEDs
- Additional 200 Lumen torch
- Ultra strength aluminium and polycarbonate housing
- Integral pocket clip and strong magnets for hands-free use
- DC-USB charging cable (included)
- Rear charging point with protective cover
- Red-to-Green charge indicator
- IP54 dust & water resistant

**BATTERY:** 3.7v 2500 mAh lithium-ion rechargeable battery included
**WEIGHT:** 200g
**DIMENSION:** 180 x 35 x 32mm

**ONLY £29.99**
**Part No:** 987AB0010

---

**1x AA MICRO LED HEADLIGHT**
- 75 Lumen White LED
- 2 x red LEDs - On and quick flashing
- Smooth reflector
- 45° rotational head
- Retractable shield to angle light downwards
- Strong ABS housing
- Fully adjustable headband
- Easy open to change battery
- IP44 dust & water resistant

**BATTERY:** 1 x 1.5v AA Panasonic Alkaline Battery (included)
**WEIGHT:** 73g (with battery)
**DIMENSION:** Headlight: 64 x 43 x 35mm

**ONLY £15.45**
**Part No:** 987AA8170

---

**USB RECHARGEABLE MICRO HEADLIGHT**
- 125 Lumen White CREE® LED
- 2 x 3mm red LEDs for night vision
- Micro-USB cable included
- Red-to-Green charging indicator
- Easy press tactical micro switch
- Micro-USB cable included
- Red-to-Green charge indicator
- Charging port with protective cover
- Fully adjustable non-slip silicone headband

**BATTERY:** 3.7v 520 mAh Li-Polymer rechargeable battery (inc.)
**WEIGHT:** 28g (with battery)
**DIMENSION:** Headlight: 47 x 27 x 37mm

**ONLY £24.99**
**Part No:** 987AB2270

---

**MAINS INSPECTION LED LEAD LAMP**
- 750 Lumen 10w White COB LED
- Industrial strength polycarbonate and rubber housing
- Mains cable operated
- 230v ultra tough 5m cable
- Hanging hook for easy placement
- IK07 shockproof
- Rubberised handle for extra grip
- Smooth even beam spread
- Impact resistant to 1m
- Chemical and corrosion resistant

**BATTERY:** 230V Mains powered
**WEIGHT:** 2kg including 5 metre cable
**DIMENSION:** 70 x 70 x 450mm

**ONLY £29.99**
**Part No:** 987AA6490

---

**Parts Alliance**
Local Service National Strength
**4PC 5L PLASTIC JUG KIT WITH MULTICOLOURED LIDS**
- Manufactured from heavy duty, high grade Polythene
- Removable, flexible spout
- Dust and pollutant protection screw lid and spout cap
- Four coloured lids used to easily identify the different fluids used in a workshop
- Makes lubrication work easier, faster, safer and cleaner
- Each jug has a 5L capacity

**ONLY £24.95**
Part No: JEM5500/AJ
GSF Part No: 997AA4690

**16PC PUNCH & CHISEL SET**
- Set includes 12 punches and 4 chisels:
  - 2 x centre punches (3 and 5mm)
  - 5 x pin punches (2, 3, 4, 5 and 6mm)
  - 5 x taper punches (2, 3, 4 and 5mm)
  - 4 x cold chisels (10, 13, 16 and 19mm)
- Keep your tools neat with our newly added roll bag
- Heat treatment: HRC 5-58°
- Impact point: 35-45°
- All neatly stored in a roll bag

**PART NO: JEM9516/AJ**
GSF Part No: 987AA410

**30PC XI-ON DEEP SOCKET SET**
3/8” & 1/2” DR
- Ideal for releasing rounded nuts worn up to 85%
- Set includes: 3/8” and 1/2” Dr. sockets, various sizes between 4-32mm
- Innovative design allows increased contact area with nut
- Torque is spread evenly over the nut when force is applied to reduce stress and damage to the Hex point
- Conforms to ANSI and DIN standards

**ONLY £64.95**
Part No: JEM5000/AJ

**PROFESSIONAL PNEUMATIC COIL SPRING COMPRESSOR**
- Heavy Duty twin pneumatic rams
- Maximum force: 2400kg
- Patented 4-claw design that fits all current suspension on the market
- Triple bar caps with micro switch lock for added safety
- Inlet pressure: 5 to 10 Bar
- Safety retention cable
- Adjustable strut support
- Dimensions: 1200 x 500 x 400mm
- Weight: 70kg

**ONLY £1,795**
Weekly from: £9.53

**29PC SELF TAPPING THREADED INSERT KIT**
- For the repair and restoration of damaged threads
- The kit includes self-tapping threaded inserts, thread insert holders and bit holders
- Inserts cut own thread when inserting into oversized drilled hole
- Saves time and money, with no taps needed and only having to tap once with the insert
- Extra packs of self-tapping thread inserts available
- Includes self-tapping threaded inserts:
  - 6×1.0, 8×1.25, 10×1.25, 12×1.25, 12×1.5
- Covering sizes: M6, M8, M10, M12

**ONLY £47.99**
Part No: JEM3029/AJ

**SCREW EXTRACTOR SET**
6PC 3/8” SQ DRIVE
- Designed to remove broken bolts and studs without damaging the casing
- Manufactured from heat treated Chrome Molybdenum steel
- Reverse thread spiral design for maximum grip, with recommended drill bit size (for pilot hole) etched on each extractor
- Suitable for use with 3/8” Sq drive ratchets
- Supplied in storage case

**ONLY £14.95**
Part No: JEM2006/AJ

**SCREW EXTRACTOR SET**
6PC 3/8” SQ DRIVE
- Contents: 2, 3, 4, 6, 8, 10mm

**29PC UNIVERSAL PRESS AND PULL SET**
- Comprehensive kit for removal/installation of wheel bearings, suspension bushes and seals
- Supplied with for stepped end plates and four force screws in carry-case
- Plates and sleeves can be used in a standard workshop press
- Sleeve wall thickness: 5mm
- Sleeve Height: 84mm
- External sleeve diameter: 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82mm
- Sleeve end caps: 83x20mm
- Force Screw Threads: 10×1.5, 12×1.5, 14×1.5, 16×1.5mm
- Force Screw Length: 450mm

**ONLY £259.95**
Part No: JEM3229/AJ

**SIP 25-0 AIR COMPRESSOR**
- 230v (13amp) input supply
- Powerful 1.5hp (1.1kW) motor
- Fully oil-free, direct-drive model
- 7CFM maximum piston displacement
- 4CFM maximum free air delivery (FAD)
- 116psi (8 bar) max. working pressure
- Easy-to-read gauge / ergonomic dials
- Integrated top-mounted tool tray
- Wheel-mounted

Part No: 06225
**ONLY £99.99**

**SIP TN2.5/50-D AIR COMPRESSOR**
- 230v (13amp) input supply
- Powerful 2.5hp (1.8kW) motor
- Oil-lubricated, direct-driven model
- Heavy-duty 50 litre air receiver size
- 9.5CFM maximum piston displacement
- 6.5CFM maximum free air delivery (FAD)
- 116psi (8 bar) max. working pressure
- Cast iron barrel gives long service life
- Wheel-mounted for easy movement
- Efficient and rugged cooling system
- Heavy-duty moulded plastic guards
- Easy-to-read gauges and dials
- Premium Italian construction

Part No: 05283
**ONLY £169.99**

---

**SIP 80 LITRE SUCTION OIL DRAINER**
- 80 litre tank capacity
- 6 - 8 bar (87 - 116 psi) air inlet pressure (extraction)
- 0.7 - 1 bar (10 - 15 psi) ejection pressure
- 40ºC - 65ºC working temperature (for engine oil)
- Waste liquid - engine oil / fluid
- 20 litre collector tray capacity
- Oil reservoir level indicator tube
- 1190 - 1810mm height adjustable range
- 6x suction tubes included

Part No: 03711
**ONLY £229.99**

**SIP MEDUSA TI-2002 INVERTER GENERATOR**
- 2000w continuously rated output
- 2200w peak output
- 2x 230v, 3 pin (UK) power output socket
- 6.5 litre fuel tank
- 6 hour run time (3/4 load)
- Battery charging facility 12v DC up to 40Ah
- Only 92dB(A) noise level

Output Sockets:
- 2x 230v (AC) 1x 12v (DC)

Part No: 03953
**ONLY £499.99**

---

**SIP T136-MIG GAS/GASLESS WELDER**
- 230v (13amp) input supply
- 30amp - 135amp peak output current
- 0.6mm - 0.8mm welding wire diameter
- 0.7 - 5.4mm weld thickness (mild steel)
- Turbo fan-cooled for better performance
- 4 highly versatile output power settings
- Portability for movement and storage
- Ready for use in gas/gasless modes
- Built-in thermal overload protection
- Supplied with following accessories:
  - 1.8m torch, handheld shield
  - Earth cable, 0.2kg Flux, brush
  - Contact tip, gas bottle brackets

Part No: 05736
**ONLY £199.99**
SIP 12V & 24V DIESEL FUEL TRANSFER PUMPS

- Compact, self-priming, low voltage fuel oil transfer kit
- Heavy-duty 140w motor
- 2 metre suction hose
- 4 metre delivery hose
- All-metal trigger dispensing gun
- 45 litres per minute max. flow rate
- Crocodile clip connectors
- IP55 protection

12V Part No: 06801
ONLY £179.99

24V Part No: 06803
ONLY £179.99

SIP CHARGESTAR SMART 4 & 8 AMP BATTERY CHARGERS

- Available in 4 and 8 amp versions
- 230v 9 stage automatic charger
- Suitable for SLA, AGM, GEL, VRLA batteries
- Fully automatic charging

4 amp Part No: 03979
ONLY £29.99

8 amp Part No: 03980
ONLY £49.99

SIP 3 TON ‘QUICK-LIFT’ TROLLEY JACK

- 135 to 495mm lifting height range
- Quick-Lift system - single stroke foot pedal quickly raises saddle to the vehicle lifting point
- Extra large saddle and rubber pad
- Removable two-piece handle with rubber grip

Part No: 03676
ONLY £109.99

SIP HEAVY-DUTY CAR WHEEL DOLLIES

- 450kg weight capacity per dolly
- Strong pressed steel construction
- Allows easy movement of wheels
- Four heavy-duty castors on each
- Ideal for garages and workshops
- Compact and lightweight build

Part No: 03833
ONLY £69.99

SIP RESCUE PAC 1600 BOOSTER PACK

- 1600amp boost peak rate
- 700amp cranking rate
- 12v DC output socket
- LED charge indicators
- True 22Ah battery capacity
- Supplied with charger
- Lightweight 9kg

700AMP CRANKING

Part No: 987AA0050
ONLY £129.99

SIP 500KG TRANSMISSION JACK

- 1175mm to 1995mm lifting height
- Heavy-duty hydraulic cylinder
- Oversized foot pedal for easy lifting
- Knurled air release valve
- Spring-loaded pressure release valve
- New and improved design

03869 Transmission Adaptor Available

Part No: 03871
ONLY £159.99

NEW DIGITAL 3-D FOUR WHEEL ALIGNER
STOCK NO. 01798
• Simple to operate, guides technicians through the measuring process
• Provides advanced readings and accurate diagnostic information
• Ensures cars operate with maximum efficiency, comfort and safety
• Automatically compares the latest technical specifications
• Hi-tech imaging technology
• Live alignment readings and diagnostic data
• Unlimited free data updates and software maintenance
• Connected to the cloud
• 24” LCD display
• 500 mega pixel real-time camera
• On-board printer
• Hi-tech target plates with clamps
£5,995.00

NEW WIRELESS DIAGNOSTIC AND ELECTRONIC SERVICE TABLET
STOCK NO. 12044
• For the interrogation of engine management systems
• Displays and clears diagnostic trouble codes (DTC’s)
• Covers 48 vehicle manufacturers
• No lock out or catch up fees
• 12 months free updates
• Wireless EOBD II connector
• Fully updatable via the internet
• Fully EOBD II compliant
• All data can be printed via a PC
• Multilingual support
• Supplied with: carry case, ID Vehicle to VCI adaptors, USB power cable, 230V to USB plug and VCI WI-fi 16 pin connector
£699.00

NEW FAULT CODE READER AND OIL RESET TOOL
STOCK NO. 12045
• Fault code reader and oil reset tool
• Provides full OBDII/EOBD diagnostic functions and protocols
• Displays and clears diagnostic trouble codes (DTC’s) in petrol, diesel and hybrid vehicles
• Large colour screen
• Multilingual support (English, French, Spanish, German)
• Supplied with: USB 2.0 cable, 16pin data link cable, SD card reader, carry pouch
£169.00

FREE 12 MONTHS CALIBRATIONS* | 3 YEAR WARRANTY** | LASER HEADLAMP ALIGNER | AIR OPERATED PLAY DETECTOR | TABLET INCLUDED | INSTALLED & SUPPORTED BY GEMCO SERVICE | FREE CAD DESIGN SURVEYS

PRICES STARTING FROM ONLY £23,500 (£124.73 per week)

*The 12 months calibrations offer is for 1 additional visit, which will be due 6 months after installation and commissioning. Equipment includes: Brake Tester, Lift with shaker plates, Jacking Beam, Headlamp Aligner and Emission analyser - where new machine is purchased (software and other exclusions apply).**Warranty is subject to maintenance, exclusions apply.

**Installation to a prepared site, excludes building/electrical works. #When purchased with an ATL Bay. ##Pricing based on Class IV Optl upgrade using existing brake tester.
The DUNLOP DSL35/1 & DSL35/3 Scissor Lift is a 3.5 tonne full rise electro hydraulic scissor lift. These lifts are suitable for cars and vans (excluding LWB). This model includes fixed ramps (run on ramp locks) which extend the platform length up to a length of 2105mm. These low profile lifts have a closed height of just 105mm and are suitable for surface mounted or recessed installation. The ultra thin structure has 2 cylinders each side that are interconnected for easy synchronisation.
The Bradbury H8335ME 3.5 Tonne Mobile Low Rise Scissor Lifts are suitable for workshops with limited space. Ideal for tyre and car body shops, allowing full access to all sides of the vehicle. The low profile platforms are ideal for lifting a large range of vehicles including low skirted sport cars. Available in single phase only.

**Key Features**
- Safe and reliable hydraulic operation
- Low voltage control
- Automatic lubricating system - Wheel Device
- 2 Year Warranty*
- Free 1 year maintenance package included
- Lockable run on ramps
- Can also be fixed to the floor
- Set of rubber blocks included

**Technical Specifications**
- Lifting capacity 3500kg
- Lifting/Lowering time 40 / 20 seconds
- Platform length 1400/2025mm
- Platform height 105mm
- Overall width (excl. control box) 1960mm
- Each platform width 480mm
- Distance between platforms 900mm
- Maximum lifting height 920 - 940mm
- Weight 630kg
- Electrical Supply 1 Phase
- Motor 220v, 1.1kW
- Operation Electro-Hydraulic

*Please note the 2 Year Warranty is subject to maintenance and terms and conditions. Specifications/Images subject to change without prior notice. E&OE Images are for illustration purposes only. To validate warranty, proof of a valid maintenance contract will be required.

EVERYDAY WORKSHOP TOOLS WITHOUT BREAKING THE BANK OR BLOWING YOUR MIND

More than a Simple Service Tool
- Dealer level software - procedures included
- Automatic vehicle/ECU communication through VIN
- Unbelievably easy to use for any skill level
- Electronic handbrake functions (EPB) on 20+ manufacturers
- Injector coding
- Service light reset (including Vauxhall where security code is required - we extract it!)
- Steering angle calibration
- Battery replacement configuration on stop/start vehicles
- Passenger vehicle and light commercials covered, including Iveco
- Regular updates online

**Autodiagnos Check**
£595.00

**TPMS TOOLS**
TPMS tools perfectly adapted to the needs of technicians

- **VDO TPMS Go**
  £369.00
- **VDO TPMS Pro**
  £699.00
- **VDO TPMS Pro Print**
  £799.00

**Tyre Tread Gauge**
£267.00

**TPMS TOOLS**
- **Functionality**
  - Easy Make-Model look-up
  - Worldwide vehicle coverage, always up-to-date
  - Activates all OEM sensors, displays all sensor data
  - Program universal sensors (configurable, hybrid, ID copy etc)
  - Provides TPMS relearn procedures in +22 languages (incl. indirect/direct)
  - Indicates OE sensor and service kit part numbers
  - Programs sensors from historical data
  - Programs sensors by wheel set
  - Includes OBDII routines to reset the ECU in <2mins
  - Pictures indicate OBDII location in car
  - Displays TPMS data for up to 7 tyres in one screen
  - Retrieves and decodes TPMS DTC information
  - Stores up to 65K vehicle job data in one place

- **Hardware**
  - Robust design (drop tested up to 3 feet, liquid resistant)
  - Display 2.8" monochrome
  - Internal lithium-ion battery
  - SD card storage
  - Wi-Fi capable for PC synchronisation
  - OBDII module

- **Accessories**
  - Tyre tread depth reader
  - IR thermal printer
  - Docking station

ABSOLUTE ALIGNMENT
BLUETOOTH PRO WHEEL ALIGNER

Easy-to-use features make it the ideal 4-wheel aligner for any bodyshop or workshop looking for a great value machine. It can be used with 4- and 2-post lifts and in-ground wheel-free scissor lifts.

- Wireless charging
- Cable free Bluetooth operation
- Integrates with your ADAS Hardware
- Check front & rear toe, camber, caster and thrust angle
- Optional "PRO" Wheel Clamp upgrade comes as standard
- Speedy operation for "speculative" checks
- OEM Approved

ONLY
£6,850
Weekly from: £36.36†

ABSOLUTE ALIGNMENT
BLUETOOTH 3D WHEEL ALIGNER

The Bluetooth 3D wheel aligner features towerless technology which can be used without a dedicated alignment bay. Run from a small cabinet that can be moved around to suit your requirements. No minimum distance is required in front of the vehicle for safe operation making the Bluetooth 3D particularly interesting to smaller workshops with space at a premium.

- Check front & rear toe, camber, caster and thrust angle
- ADAS Hardware compatibility built into software
- Shoot & Go number plate recognition via your smartphone
- Huge online vehicle database

ONLY
£9,995
Weekly from: £53.05†

ABSOLUTE ALIGNMENT
2-POST ADAPTOR KIT

Turn your 2-post lift into a full wheel alignment centre with this Adaptor Kit. Four drop brackets re-align the measurement heads to allow them to clear the lifting arms, letting you profit from the lucrative wheel alignment market without having to buy another ramp.

- Compatible with Bluetooth Pro Wheel Aligner
- Unique design
- Brings wheel alignment profits into the reach of more workshops
- Durable and strong
- Easy to use
- Quality manufacture from the alignment company you can trust

ONLY
£495.00

Launch of the new KTS 250: Diagnostic scan tool

KTS 250 an Android based handheld diagnostic scan tool with automatic VIN identification, fully optimised software and workflows for faster navigation. The simultaneous diagnostic capability enables the tester to communicate with multiple ECUs at the same time - speeding up processes such as the vehicle system overview, activation of special functions and readout of actual values. The tester is “Diagnostic over IP” (DoIP) enabled. This provides you with an intelligent solution for tomorrow’s requirements today.

**The Bosch KTS 590**

Optimally suited for the use of the diagnostic software ESI[tronic] 2.0, the Bosch KTS 590 can operate several vehicle interfaces in parallel so vehicle manufacturer portals for diagnostics and reprogramming according to Euro 5/6 (PassThru) can be operated efficiently. The module is Diagnostic over IP (DoIP) ready, along with 2-channel oscilloscope and multimeter. Bluetooth class 1 (up to 100m in range). It is a must for the ambitious workshops.
USE THE BEST TO TEST!

KTS 350: Next generation all-in-one solution. Five times faster than it’s predecessor

Mobile all-round solution for control unit diagnosis, troubleshooting, repair and maintenance. Delivered plug & play with Windows 10 and pre-installed ESI[tronic] 2.0 software - ready for licencing (based on your needs). It has integrated ethernet interface (DoIP), which opens up for the possibility to transfer data up to 100 times faster than CAN technology.

Advanced technology in one compact device

What’s included in the Masterpack & EBR subscription

SD - Vehicle diagnosis:
The latest diagnostic data for passenger cars and light commercial vehicles for over 130 brands.

SIS - Vehicle troubleshooting instructions
The troubleshooting instructions reliably guide you step-by-step to the cause of the fault.

EBR/TSB - Experience-Based-Repair - Known Fixes
Find the right solution within seconds, even for challenging troubleshooting cases. Includes the module - technical service bulletins (TSB).

M - Vehicle mechanics and maintenance schedules
Maintenance information tabs contain all vehicle data such as service schedules, needed parts and much more with direct link to diagnostic functions.

P - Comfort systems wiring diagrams
Giant database including wiring diagrams for all important systems such as comfort systems and bus systems for optimal efficiency.

EBR - Experience Based Repair.
"Crowd sourced repair verification"

Already includes 750,000 known repairs - the database is growing day by day! Simply search for the fault codes or symptoms to vehicle problems identified by technicians in the field and online. All fixes have been validated by our own engineers.

EBR may also be offered as a standalone software solution which does not require a KTS module.

Get a subscription today and save hours in future fault finding.

EBR Standalone software includes

ONLY £279.95

Stay up-to-date

New vehicle models are available in ESI[tronic] 2.0 with coverage, as soon as six months after their market launch.

Online updates available, which run silently in the background with no user intervention required.

The MaxiSys MS908S is built on the multi-tasking Android operating system.

- Bluetooth VCI Connectivity
- 70+ Manufacturers
- TMTS Diagnosis and Programming
- Built-in rechargeable lithium-ion battery for up to 8 hours of continuous operation
- Read & Clear Codes
- Live Data/Record/Playback
- Auto Vin & All Module Interrogation
- SAS/BMS/DPF Service Functions
- Electronic Parking Brake
- Service Mileage/Interval Reset
- European software

The MaxiSys MS908S is the UK’s best selling premier Autel diagnostic tool with a 15 second boot up speed built on the multi-tasking Android operating system.

The MS908S includes a number of great features covering over 60 manufacturers with full diagnostics, service function and programming, 8 Mega-pixel Camera, 64GB Internal Hard Drive and Wireless Bluetooth diagnostics via the Vehicle Communication Interface (VCI).

Both the MS908S & MS908S PRO are supplied with Pre-16 pin OBD connectors for the older vehicles.

15 SECOND BOOt UP

BUILT ON ANDROID OPERATING SYSTEM

- Autel products meet international quality and environmental regulations, including as FCC, CE and RoHS

Autel Pass Thru Technology with the J2534 Pass through device

In addition to all the features found on the MaxiSys MS908, the MS908 PRO and J2534 offers further diagnostic capability with a Higher Level of Programming functions along with pass-through capability including Key Programming.

The MaxiSYS MS908S Pro with J2534 has extra programing functionality included in the tools software and also allows you to subscribe to your manufacturer clouds and download software specifically for a vehicle. The MS908S Pro with the optional extra J2534 pass through device allows even greater in-depth vehicle programming, making it ideal for the more specialist repair garages and bodyshops.

- Perform dealer-level diagnostics (where offered by the vehicle manufacturer)
- Download software updates including emission-related ECU's
- ECU updates for a wide range of vehicle makes and models
- Access OE technical data and service schedule information

Fully upgradeable with the following bolt-ons:

- Upgradeable to ADAS
- Add an MP408 oscilloscope
- Add an MV105 borescope
- Add a pass-through J2545 to standard MS908

The most extensive system coverage for 70+ manufacturers

MAXISYS MS908S PRO

£2,495

Weekly from: £13.24
Our all new ADAS Calibration System offers advanced calibration for Camera, Radar, Lidar and Ultrasound based systems. Our Autel calibration frame is compatible with vehicle leveling lifts & is fully height adjustable. The frame is of superior quality and compatible with existing Autel MS908, MS908Pro and Elite diagnostic tools.

ALREADY HAVE AN MS908? IF SO, THEN UPLOAD THE ADAS SOFTWARE WHEN YOU BUY THE FRAME...SAVING YOU MONEY!

Vehicles with ADAS systems can respond with passive warnings or take active measures where driving risks are sensed. ADAS sensors process events and obstacles which may result in, for example, automatic braking or lane change warnings. After repairing a vehicle, all ADAS sensors & systems need to be re-calibrated, to enable correct operation.

**PASSIVE FEATURES**
- ALERT THE DRIVER OF DANGEROUS SITUATIONS
- ACC
- LDW
- NVS
- BSD
- AVM
- RCW
- HUD

**ACTIVE FEATURES**
- COLLISION AVOIDANCE SYSTEMS
- AUTOMATIC EMERGENCY BRAKING
- LANE KEEPING ASSIST
- ADAPTIVE FRONT LIGHTING
- BLIND SPOT INTERVENTION
- PEDESTRIAN PROTECTION SYSTEM
- AUTOMATIC PARKING
- DRIVER DROWSINESS MONITOR

**COMPLETE SET-UP AND CALIBRATION INSTRUCTIONS**

Weekly software updates provide new OE level model calibration procedures.

Comprehensive coverage and guided procedures guarantee precise measurements without referring to a user manual.

See our ADAS videos at www.autel.uk for more info.

Garage Essentials - For the best Choice, Quality, Service & Expertise

Mid Rise Lift

- **Features**
  - Portable kit as standard
  - Pneumatic safety locks
  - 4 rubber lifting blocks
  - Locking platform extension for lifting longer vehicles
  - Single phase operation

- **MTF 3000**
  - 3 tonne electro-mechanical asymmetrical two-post service lift
  - Perfect ground clearance - no base frame
  - Asymmetrical design, car door access on two sides
  - Automatic arm locks
  - Low pick-up height
  - Electro-mechanical drive
  - Rugged long-life column profile
  - Rolled-thread lifting spindles
  - Automatic lubrication system
  - Four pick-up pads vertically adjustable from approximately 98mm-140mm, 120mm diameter
  - Two mechanically synchronised drive motors

- **Starting From**
  - £3,695

- **4T/5T MOT/ATL/ALIGNMENT SCISSOR LIFT ALSO AVAILABLE**

HOFSL 3000 Double Scissor

- **Features**
  - Short sill lift designed for surface-mounted installation
  - 4 hydraulic ram system for added safety and stability between platforms
  - Pneumatic safety locks
  - Lifting capacity 3000KG
  - 4 rubber lifting blocks

- **Starting From**
  - £4,995 (3 phase)
  - £5,445 (1 phase)

- **Full-Rise Starting From**
  - £4,995 (3 phase)
  - £5,445 (1 phase)

- **Four-Post Wheel Alignment Lift**

- **Features**
  - Built-in rear slip plates
  - Premium turnplates

- **Starting From**
  - £9,496

- **HOFMANN LIFTS**

- **Four-Post Wheel Alignment Lift**

- **Features**
  - Moveable camera beam
  - Ultra-high resolution cameras
  - Lightweight XD targets
  - Pro 42 software

- **Starting From**
  - £17,495
**PACKAGE 1**

**Features**
- Double-acting bead-breaker cylinder
- Self-centering four-jaw turntable
- Mounting tool with plastic protection
- Quick-inflating valve
- Outer clamping range up to 24 inches
- Pneumatic lift-back post, pneumatically locked in working position and pneumatically tilted forwards/backwards
- Pedal controlled inflation
- Tool box with integrated precision pressure gauge
- Bead breaker with three length positions
- Bead breaker inclination adjustable

**Monty 3300 24 Smartspeed**

GEODYNA 7200
Video Wheel Balancer

Features
- 2D SAPE to measure wheel offset and wheel diameter in one process
- VPI measuring system for high accuracy and repeatability
- Intuitive control panel and video display
- EasyALU to automatically recognise the weight mode – ALU-P or steel
- Split weight mode – Hide weights behind wheel spokes for more appealing cosmetic finish
- Tyre matching mode – optimise to rim so using less weights
- Small footprint
- Measuring speed 200rpm
- Wheel guard

ONLY £2,895
Weekly from: ‘£15.37’

GEODYNA 7340L Video Wheel Balancer with Sonar & Laser

Features
- 2D SAPE and Smart Sonar for faster and fully automatic input of all the key wheel measurements
- Wi-Fi for sharing data with computers for display and printing (requires customer’s own broadband connection)
- 10 inch touchscreen monitor with Gold level software
- Split weight mode – Hide weights behind wheel spokes for more appealing cosmetic finish
- EasyWeight pinpoint laser indicator for adhesive weight placement
- EasyALU to automatically recognise the weight mode – ALU-P or steel
- QuickBal – reduced measurement 4.5 seconds (15” rim)
- Tyre matching mode – optimise tyre to rim so using less weights
- VPI measuring system for high accuracy and repeatability
- Measuring speed 200rpm
- Wheel guard

ONLY £8,495
Weekly from: ‘£45.09’

MONTY 8700B
Tyre Changer

Features
- powerMONT, the innovative leverless mount and demount system, provides easy, fast and effortless solution for mounting and demounting of tyres
- Centre-post clamping system (manual)
- Damage-free solution for clamping wheels
- smartspeed automatically controls the speed of the turntable dependant on the torque required when mounting/demounting the tyre
- Dynamic bead breaker with two disks is ideal for run-flat and ultra-high profile tyres
- Precise, ergonomic and effortless
- Pneumatic bead depressor is an essential tool for convenient demounting of hard sidewall tyres
- Suitable for handling wheels up to 41in diameter

ONLY £5,495
Weekly from: ‘£29.17’

MONTY 8300S
Tyre Changer

Features
- Innovative centre-post clamp design provides a fast, damage-free solution for clamping run-flat and ultra-high profile tyres
- smartspeed automatically controls the speed of the turntable dependant on the torque required when mounting/demounting the tyre
- Conventional mounting head with tyre lever
- Side bead breaker allows for fast, convenient operation
- Suitable for handling wheels up to 44in diameter

ONLY £8,495
Weekly from: ‘£45.09’

**STANDARD WHEEL ALIGNMENT FOUR POST LIFT**

- 4000Kg / 5000Kg lifting capacity
- Long slip plate and adjustable turntable positions for alignment use
- Reliable mechanical safety locking system
- Avoid rapid descending cause by leakage of hydraulic system by applying FLOW-CONTROL technique to hydraulic system
- Max height switch limits the travel of runways and ensures cylinders work within the stroke
- The alarm buzzer for safe descending
- 24V safety control voltage
- Reliable electrical release for easy and efficient use
- Compact quick plug electrical connection releases installers from too many wires and terminals and make initial installation much more efficient.
- Save more than 70% time on wire connection
- Low profile runway is convenient for driving on and off and less demanding on space
- Optional rolling jack

GTR/430
4 Wheel Laser Alignment with Vehicle Database and Live Data

- Developed by Tecalemit to provide rapid measurement of key vehicle geometry angles
- Compact and easy to use high precision 4 wheel laser aligner
- Autodata database with red/green display of results when in/out of parameter
- Includes a brake pedal depressor, steering wheel clamp and radius plates
- Zigbee wireless PC interface which allows for measurement results to be printed and archived on to the supplied PC
- 2x built-in camber caster gauges
- Stylish new cabinet on wheels houses the PC and printer

GTR/4400
New 3D Computerised 4 Camera Wheel Alignment System

- 4 HD digital video cameras enable rapid target capture at any ramp height eliminating the need for a movable boom
- Utilising 4 cameras enables cameras to be positioned closer to the ramp than is possible with 2 camera systems
- The 4 wide angle cameras provide up to twice the range of working heights compared with 2 camera systems
- Unique ‘Machine Vision’ software provides accurate measurements without the need to calibrate targets
- Integrated database incorporates alignment specifications, adjustment diagrams and 3D animated instruction videos
- Self centering wheel adapters accommodate wheel sizes 12” – 24”
- Integrated storage for adapters and targets on the cabinet
- Cabinet comes with high specification fast PC, extra wide 27” monitor, printer, and unique wireless remote control

Our Virtual Academy

Technical Training Courses
Online, Interactive Videos

A wide range of course topics including Hybrid, Diesel, Air Conditioning, Essential Electrical Skills, Chassis Systems, Engine Management & Vehicle Body Electrics

- Over 105 courses available with content added regularly
- End Test with all courses
- Ideally suited to 'a little and often' training approach
- View courses with unlimited access
- Improved knowledge retention over face to face training

Management Features:
- Multi user progress reporting*
- Integrated certification system
- Up to 8 IMI CPD points can be logged per hour of training

*Multi User Plans Only

LEARN AT YOUR OWN PACE
High Quality, Easy to Follow, Modern & Relevant Training

www.OurVirtualAcademy.com

Manufacturer Level Technical Training
designed specifically for the Independent Aftermarket.
Interactive video content, designed to save you money & improve your workshop productivity.

MINI DUCTOR VENOM - HANDHELD INDUCTION HEATER

Two Year Limited Warranty
- Includes 3pc Col Kit
- 1 x Col
- 1 x Sling
- 1 x Bearing Buddy
Applications include:
- ABS Sensors
- Brake Bleeder Nuts
- Exhaust System
- Fuel Tank Straps
- Heat Treating
- Inline Connectors
- Metal Fabrication
- O2 / DPF Sensors
- Truck Bed Bolts
- Body Panel Dents
- Tie Rod / Ball Joint Ends
- Suspension Components
- Steering Components
- U-Bolts

ONLY £685.00

ULTRA-LITHIUM BATTERY BOOSTER

- 12v 1300 amp lightweight, compact & powerful
- Ultracapacitor Booster Pack with backup lithium battery
- Easy & Quick Recharge: hybrid technology allows booster to be charged from the vehicle’s battery or if highly discharged the backup lithium battery can be used instead, this takes 1-4 minutes depending on method used
- 10,000 Cycles / 10 Year Life Span
- Operating Temperature Range: -40°C - +65°C
- Override Mode to start engine without any battery mounted
- Glow Mode for cold start of diesel engine
- Protection against short-circuits and reverse polarity
- Digital display shows capacitor charging level and vehicle's battery voltage
- Rotomoulded case with lifetime warranty
- Fully insulated Heavy-Duty curved clamps

Gift
Model 341300SP

ONLY £395.00

SILBERTOOL THREAD REFORMER

- Generates Invisible Heat® to release corroded and thread locked metal components without the danger of an open flame
- Allows original parts to be reused rather than replaced
- Works on all types of thread including metric, fine and imperial with compatible rollers
- No external energy source is required; process is completed by hand
- Threads aren’t weakened during the reforming process; cold hardening leaves the thread 39% harder than those which have been cut
- Threads reformd with the Silbertool® withstand the same static and dynamic loads as a new undamaged thread, with a higher fatigue endurance limit
- The finished surface is smoother than if cut which reduces the chance of corrosion and improves thread lifespan

Roller packs must be used with the thread reformer; available in sets of 3, they are interchangeable and available to purchase separately. £66 per pack.

Model 01423600 (M10-M36)

ONLY £379.00

UNIVERSAL PRESS RING

A quick solution to assist the bearing to be pressed out on a wide range of common hubs
- For use with press block - 08770000 (below)
- Ideal large void for holding hubs and pressing out wheel bearings
- Large diameter sits across the press allowing for large hubs to be placed on the press ring
- Useful alternative to V blocks and old bearing casings
- Dimensions: 160mm (h) x 179mm (ø)
- Weight: 7.8kg

Model 08770000

ONLY £84.95

UNIVERSAL PRESS BLOCK

- Universal Support for use with a workshop press
- Three point contact guarantees a perfect, safe support
- Easily press bearings on a wide variety of suspension arms
- Suitable for use with presses up to 30T

Features:
- Adjustable height anvil bolts
- Swivel element for added versatility
- Safety Alignment brackets for security on press

Spare Parts:
- 08770570 - Replacement Pressure Bolt Set (13 pcs)

ONLY £245.00

CARBON TEC HHO

- Releases hydrogen into the combustion engine’s inlet system whilst running to increase internal temperature and burn off carbon build up; promoting efficient operation with a cleaner engine
- Portable Machine - enables use in a number of different environments
- Low Voltage Operation - works off the vehicle’s battery at a safe low voltage when the engine is running
- Ease of Use - little or no disassembly of the engine required
- Low Maintenance
- Fixed HHO Supply - protects against engine runaway
- Two Year Warranty - full back up service available

Model 01423600 (M10-M36)

ONLY £3,495

WORKSHOP HYDRAULIC PRESSES

Silver Series range of Hydraulic Workshop Presses equipped with a two-speed manual pump, overload safety valve, automatic arm back-run system and V blocks
- Welded, heavy duty steel frame
- Two speed pump
- Overload safety valve
- Automatic arm return
- Pressure gauge
- V blocks
- Manufactured in the EU
- Piston over-travel limit stop

ONLY £1,195 Weekly from: £6.34†

**ELECTRIC PRESSURE WASHER**
- 230v (13amp) input supply
- 2000w brushless induction motor
- 1885 to 2610psi variable pressure range
- 510 litres/hour maximum water flow rate
- Steel adjustable lance and steel Turbo lance
- Built with a reliable heavy-duty Axial pump
- Total stop - stops power when not in use
- Wheel-mounted for easy movement

**SIP CW2300**
**ELECTRIC PRESSURE WASHER**
- 230v (13amp) input supply
- 2300w brushless induction motor
- 2170 to 2900psi variable pressure range
- 300 litres/hour maximum water flow rate
- Steel adjustable lance and steel Turbo lance
- Built with a reliable heavy-duty Axial pump
- Total stop - stops power when not in use
- Wheel-mounted for easy movement

**SIP CW2800**
**ELECTRIC PRESSURE WASHER**
- 230v (13amp) input supply
- 2800w brushless induction motor
- 1885 to 2610psi variable pressure range
- 510 litres/hour maximum water flow rate
- Steel adjustable lance and steel Turbo lance
- Built with a reliable heavy-duty Axial pump
- Total stop - stops power when not in use
- Wheel-mounted for easy movement
- 1.8 litre detergent tank included

**SIP CW3000 PRO**
**ELECTRIC PRESSURE WASHER**
- 230v (13amp) input supply
- 2800w 4-pole 1450rpm induction motor
- 1450 to 1740psi variable pressure range
- 480 litres/hour maximum water flow rate
- Durable steel lance with adjustable nozzle
- Fitted with an adjustable pressure regulator
- Reliable brass-head Triplex crankshaft pump
- Total stop - stops power when not in use
- Wheel-mounted for easy movement
- Integrated detergent suction
- Stainless steel valves

**SIP TEMPEST HDP660/120-02**
**ELECTRIC PRESSURE WASHER**
- 230v (13amp) input supply
- Electric-powered pressure washer
- Powerful 3000w (4.0hp) 4-pole motor
- 1742psi (120 bar) maximum pressure
- 660 litres/hour maximum water flow rate
- Heavy-duty brass-headed Triplex pump
- 10 metre hose with a bent pistol lance
- Ideal for sucking water up to 2 metres
- Super mobile and lightweight design
- Durable integral ceramic pistons
- Premium Italian construction

**DURABLE CERAMIC PISTONS**
**TWO YEAR WARRANTY**

WINNTEC 3 TON TURBO-LIFT TROLLEY JACK

- 3 Ton maximum weight capacity
- 120 - 450mm lifting height range
- "Turbo-Lift" system raises contact saddle to the vehicle surface in one swift motion
- PU wheels reduces noise/floor damage
- Safety release valve for safe lowering
- Chrome-plated pistons and main ram
- Heat-treated chromed moving parts
- Durable rubber grip and jack saddle
- Industrial-grade seals and gaskets

Part No: 09823
ONLY £149.95

WINNTEC 3 TON AXLE STANDS, RATCHET-TYPE

- 3 Ton maximum weight capacity
- 365 - 450 mm lift height range
- Contact pad for reliable lift support
- Easy ratchet-type jack adjustment
- Integrated foot pads on the base
- Positive lock and handle carrying
- Supplied as a pair of jack stands
- Lightweight - just 3.5kg per jack

Part No: 09872
ONLY £36.95

WINNTEC 1.35 TON ALUMINIUM RACING TROLLEY JACK

- 1.35 Ton maximum weight capacity
- 80mm to 375mm lifting height range
- Strong and reliable single pump system
- Heavy-duty 100mm rubber saddle pad
- Quiet and non-marking nylon wheels
- Side handles for easy transportation
- Durable all-aluminium construction
- Lightweight - weights just 10kg!

Part No: 09804
ONLY £177.99

WINNTEC 3 TON TURBO-LIFT HEAVY DUTY TROLLEY JACK

- 3 Ton maximum weight capacity
- 130 - 490mm lifting height range
- "Turbo-Lift" system raises contact saddle to the vehicle surface in one swift motion
- PU wheels reduces noise and damage
- Heat-treated chromed pistons and ram

Part No: 09816
ONLY £179.95

WINNTEC 6 TON AXLE STANDS, RATCHET-TYPE

- 6 Ton maximum weight capacity
- 365 - 625mm lift height range
- Contact pad for reliable lift support
- Easy ratchet-type jack adjustment
- Integrated foot pads on the base
- Positive lock and handle carrying
- Supplied as a pair of jack stands
- Lightweight - just 6.4kg per jack

Part No: 09873
ONLY £63.95

WINNTEC 2 TON LOW-PROFILE TROLLEY JACK

- 2 Ton maximum weight capacity
- 75 - 510mm lifting height range
- Ultra-low profile design for low vehicles
- "Turbo-Lift" system raises contact saddle to the vehicle surface in one swift motion
- Rubber grip and PU contact saddle pad
- PU wheels reduces noise and damage
- Heat-treated chromed pistons and ram

Part No: 09821
ONLY £149.95

WINNTEC 3 TON AXLE STANDS, RATCHET-TYPE

- 3 Ton maximum weight capacity
- 365 - 450mm lift height range
- Contact pad for reliable lift support
- Easy ratchet-type jack adjustment
- Integrated foot pads on the base
- Positive lock and handle carrying
- Supplied as a pair of jack stands
- Lightweight - just 3.5kg per jack

Part No: 09872
ONLY £36.95

WINNTEC 3 TON LOW-PROFILE TROLLEY JACK

- 2 Ton maximum weight capacity
- 75 - 510mm lifting height range
- Ultra-low profile design for low vehicles
- "Turbo-Lift" system raises contact saddle to the vehicle surface in one swift motion
- PU wheels reduces noise and damage
- Heat-treated chromed pistons and ram

Part No: 09873
ONLY £63.95

WINNTEC 2 TON LOW-PROFILE TROLLEY JACK

- 2 Ton maximum weight capacity
- 75 - 510mm lifting height range
- Ultra-low profile design for low vehicles
- "Turbo-Lift" system raises contact saddle to the vehicle surface in one swift motion
- PU wheels reduces noise and damage
- Heat-treated chromed pistons and ram

Part No: 09873
ONLY £63.95

WINNTEC 3 TON TURBO-LIFT TROLLEY JACK

- 3 Ton maximum weight capacity
- 120 - 450mm lifting height range
- "Turbo-Lift" system raises contact saddle to the vehicle surface in one swift motion
- PU wheels reduces noise/floor damage
- Safety release valve for safe lowering
- Chrome-plated pistons and main ram
- Heat-treated chromed moving parts

WINNTEC 10 TON LOW-PROFILE HYDRAULIC BOTTLE JACK

- 10 Ton maximum weight capacity
- 120mm to 260mm lift height range
- Ideal for horizontal and vertical use
- 45mm & 6mm extensions included
- Lower profile for lower clearances
- Light and compact construction
- Reliable overload protections
- Solid chrome pump linkage
- Strong wide cast iron base

Part No: 09865
ONLY £99.99

WINNTEC 20 TON LOW-PROFILE HYDRAULIC BOTTLE JACK

- 20 Ton maximum weight capacity
- 244 - 449mm lift height range
- Ideal for horizontal and vertical use
- 60mm screw extension included
- Light and compact construction
- Reliable overload protections
- Solid chromed pump linkage
- Strong wide cast iron base

Part No: 09818
ONLY £71.95

WINNTEC 12 TON TROLLEY JACK STANDS

- 12 Ton maximum weight capacity
- 302mm to 450mm lift height range
- 22cm square base for added stability
- Large contact pad for further support
- Wheel-mounted durable trolley design
- Pin-type support column adjusts to five different height positions
- Supplied as a pair of stands

Part No: 09846
ONLY £167.99

WINNTEC 10 TON LOW-PROFILE AIR BOTTLE JACK

- 10 Ton maximum weight capacity
- 190mm to 340mm lift height range
- Ideal for horizontal and vertical use
- 60mm screw extension included
- Light and compact construction
- Reliable overload protections
- Solid chrome pump linkage
- Strong wide cast iron base

Part No: 09865
ONLY £99.99

WINNTEC 20 TON HYDRAULIC BOTTLE JACK

- 20 Ton maximum weight capacity
- 244 - 449mm lift height range
- Ideal for horizontal and vertical use
- 60mm screw extension included
- Ambient air filters prevent contamination
- Polished ram/chrome pistons
- Strong aluminium air motor
- Heat-treated cylinder wall
- Heavy-duty welded base

Part No: 09818
ONLY £71.95

MRL 85 UNIVERSAL OIL

A ONE STOP SOLUTION FOR OIL AND DYE!

- Synthetic ester blend
- Non conductible
- Hybrid & Electric safe
- Cost effective
- HFO1234YF
- R134A

A NEWLY FORMULATED OIL TO USE IN ‘ALL’ VEHICLE AIR CONDITIONING SYSTEMS

This NEW lubricant has been specially formulated to work in all types of vehicle air conditioning systems. A synthetic ester blend oil being non-conductive and is therefore safe to lubricate the hybrid car air conditioning system. Service stations can now use one oil instead of flushing charge lines, changing oil and dye bottles and carrying four if not more different system oils in stock. Therefore using the MRL-85 Oil becomes a sensible option and more cost effective.

MRL 85 OIL
Special Price: £19.99 per Ltr
Part No: CE98029ML / 261AA0630

MRL 85 OIL/UV DYE MIX
Special Price: £22.99 per Ltr
Part No: CE91067ML / 261AA0620

Rowley Spraybooths have over forty years experience in the manufacture, installation and maintenance of Spraybooth ovens in the finishing / refinishing industry. All Rowley Spraybooth oven equipment is manufactured in the UK at their manufacturing facility located in Cannock, Staffordshire.

**AERO-ECO SPRAYBOOTH OVEN**

Featuring dynamic air moving plant and an energy efficient control system the AERO-ECO Spraybooth oven is designed to deliver ultimate economy with ultra-low running costs. The AERO-ECO Spraybooth has a spacious cabin constructed from modular single ‘skin’ (or double ‘skin’) bright galvanised steel panels with good lighting and wide access component doors. Utilizing rear chest extraction and compact air handling plant the AERO-ECO Spraybooth provides the perfect painting environment for any type of work. The tunnel airflow design provides excellent paint over spray mist clearance during spraying operations and uniformity of air temperatures on spray and bake modes.

**FROM ONLY £12,999**
Weekly from: £68.99

**AERO-MAXI SPRAYBOOTH OVEN**

The AERO-MAXI Spraybooth oven range is a high specification Spraybooth oven that provides the highest quality environment for all types of paint application and low bake curing operations. The larger AERO-MAXI Spraybooth oven cabin is constructed using modular double ‘skin’ insulated panels to give good thermal retention, rigidity and sound dampening. Utilizing a rear chest extraction expensive underground extraction pit works are not required and this allows the installation to be easily relocated. This tunnel airflow design provides excellent paint over spray mist clearance during spraying operations and uniformity of air temperatures on spray and bake modes.

**FROM ONLY £18,995**
Weekly from: £96.82

**AERO-MIDI SPRAYBOOTH OVEN**

The spacious AERO-MIDI cabin is constructed using modular double ‘skin’ insulated panels to give good thermal retention, rigidity and sound dampening. Utilizing a rear chest extraction expensive underground extraction pit works are not required and this allows the installation to be easily relocated. This tunnel airflow design provides excellent paint over spray mist clearance during spraying operations and uniformity of air temperatures on spray and bake modes.

**FROM ONLY £15,495**
**Weekly from: £82.24**

**AERO-INDUSTRIAL/COMMERCIAL SPRAYBOOTH OVEN**

The Industrial and Commercial Spraybooth oven range can be designed to meet customer’s specific requirements for Spraybooth ovens. The flexible modular design allows the cabin size and airflow requirements to be made to suit the products being painted.
